

I am an authority of making

From sketches to drawing / and photography /

I can be patient / but sometimes / I procrastinate /

Plenty curiosity, / if something interests me /... I can't resist /

I am exploring new places / and satisfying my needs / to meet new people,

Make new friends / is always great /

Like an authority, / I never give up! /

Finding courage / and hope / and will never stop! /

My heart is big, / I have plenty to share. /

Helping others, / doing good deeds /

Are my only intentions. /

Happiness I like to share / with everyone /

I am not fake/ I am as real as they come /

I say what I mean, / I mean what I say /

I am an authority / that doesn't pretend / to be someone I'm not /

I am true and honest, / planning for a great future /

I never stay angry for long... / my rule is forgive and forgotten. /

Most important, / I am an authority to my parent's eyes. .

They believe in me.../ that I am an authority, /

A model and an artist. /

My parents are my biggest fans... /

I have to believe them/ when they say/

I WAS BORN TO BE AN AUTHORITY /

AS EVERYBODY ELSE.
